The villa is spread over two floors with a total of 4 en-suite bedrooms. An oasis of authentic luxury for an enchanting vacation in Puglia.

Explore the exclusivity and tranquility of Villa del Mulino, a splendid villa born from the careful renovation of the ancient mill of the *contrada*. The house boasts design details and a large private swimming pool, cleverly placed in a private area, and is surrounded by an evocative backdrop of centuries-old olive and fruit trees. This prestigious residence is distinguished by its brightness and deep respect for the natural surroundings, offering guests an oasis of intimacy and relaxation for up to 7 people (optimal for 5 adults and 2 children).

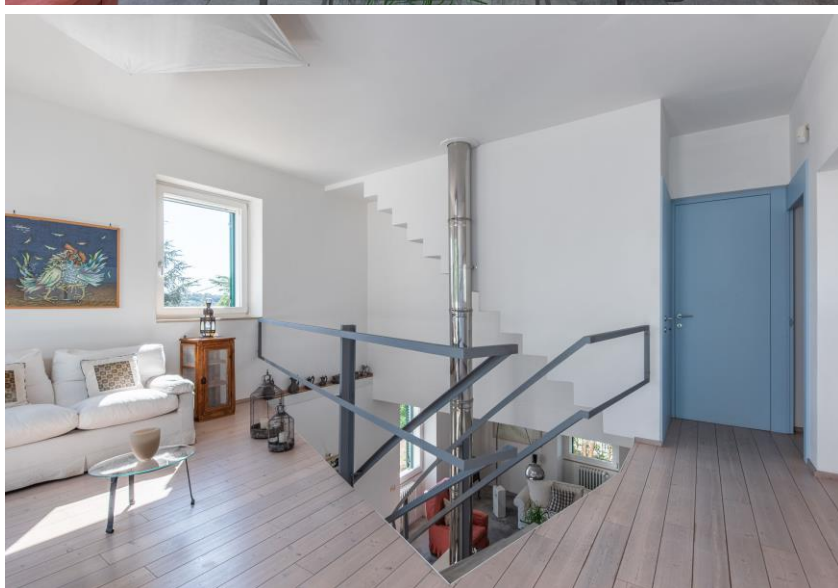

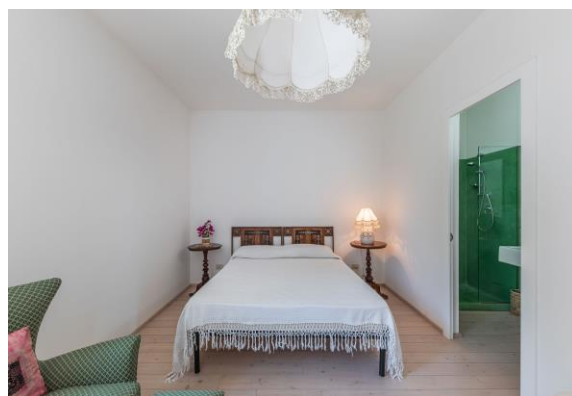

The villa has ample private parking and is strategically located: it is only 800 meters from Contrada Antonelli, where all the main services such as supermarket, bar, butcher's shop, pharmacy, post office, and bakery are available. The sea and the nearest beaches are only 10 km away.

In less than 30 minutes you can explore the many villages and typical landscapes of Puglia: Polignano a Mare, Monopoli, Alberobello, Castellana and its caves, Ostuni, Locorotondo and the Itria Valley.
